

ROAD SURFACE CONDITION RANKING

* ROAD SURFACE CONDITION RANKING BASED ON VISUAL INSPECTION OF ROADS.

* RANKING IS FROM ONE (1) THROUGH FIVE (5) WITH ONE (1) BEING THE WORST CONDITION AND FIVE (5) BEING THE BEST CONDITION.

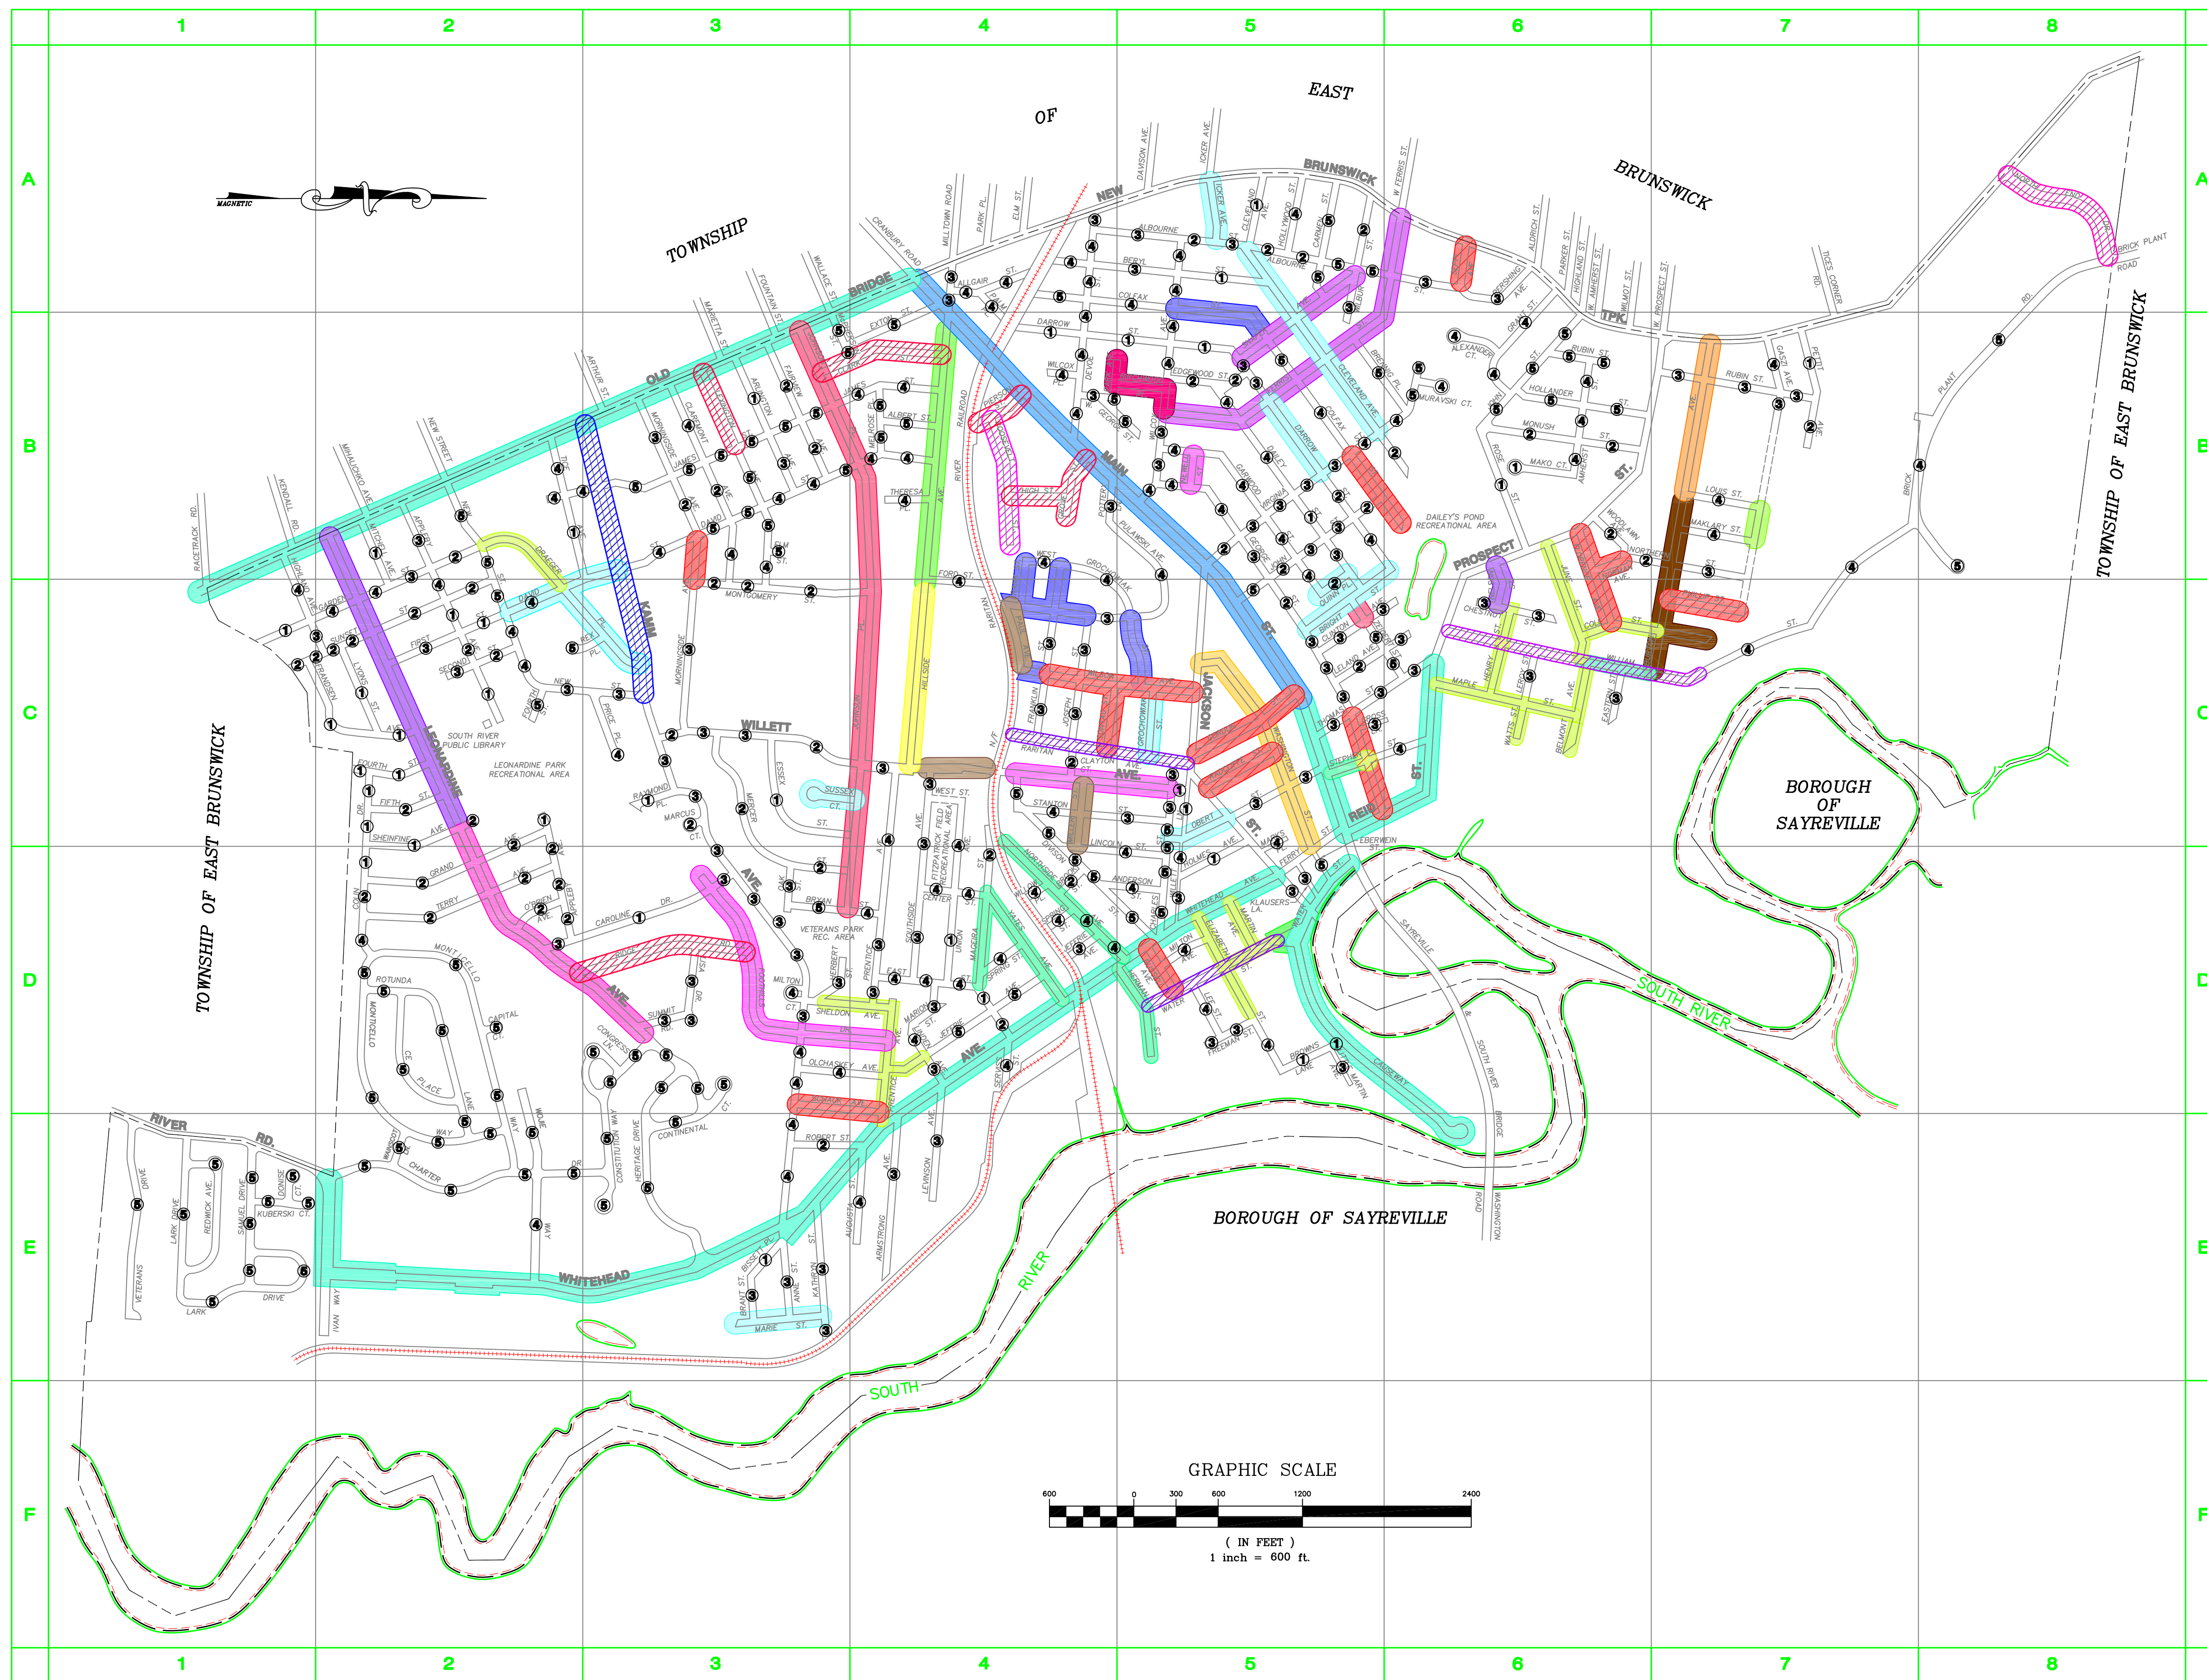

- ① Potholes, multiple patches, poor trenches and/or severe cracking.
- ② No potholes, several patches, average trenches and/or moderate cracking.
- ③ No potholes, few patches, well laid trenches and/or mild cracking.
- ④ No potholes, minimal patches, no trenches, and/or minimal cracking (typically along the centerline and expansion joints of concrete roads overlaid with asphalt).
- ⑤ "Near new" condition with no potholes, no patches, no trenches and/or virtually no cracking.
