**YARDWASTE**

**Leaves:** These items are collected curbside every Monday, except holidays. Leaves must be placed in an open bag or container and placed at the curb on Sunday evenings. Bags that are tied will be left at the curb. The Borough will not pick-up leaves contaminated with grass, branches, stones, or other debris. Please use biodegradable leaf bags for easier recycling.

**Brush:** These items must be tied with string or cord in bundles no more than 4 feet in length and 1 foot in height. Place brush curbside on Sunday evenings for Monday collection (except holidays).

**Grass Clippings:** These items are collected every Monday, except holidays. Place clippings in open bags or containers and place at the curb Sunday evenings for Monday collection. Bags that are tied will be left at the curb. It is recommended that residents participate in the "Cut It and Leave It" grass fertilization program. Grass clippings left on the lawn provide a natural fertilization and help to reduce the growth of weeds. They can also be used as an effective mulch in your garden or put them in your compost pile to help create an excellent soil conditioner. Avoid time consuming raking and the expense of bagging your grass clippings. For more information, please call the MCIA Recycling Hotline.

**Christmas trees:** These items are picked-up on Mondays, except holidays. Place your tree at the curb Sunday evening for Monday collection.
