BE IT ORDAINED by the BOROUGH COUNCIL OF THE BOROUGH OF SOUTH RIVER, IN THE COUNTY OF MIDDLESEX, STATE OF NEW JERSEY (not less than two-thirds of all members thereof affirmatively concurring), AS FOLLOWS:

Section 1. The improvements described in Section 3 of this bond ordinance are hereby authorized as Water Utility improvements to be undertaken in and by the Borough of South River, in the County of Middlesex, New Jersey (the "Borough"). For the improvements or purposes described in Section 3, there is hereby appropriated the sum of $950,000, said sum being inclusive of all appropriations heretofore made therefor, including the sum of $825,782.56 received from the American Rescue Plan ("ARP" funding) and $24,217.44 as the down payment for said purposes. Said down payment is now available by virtue of provision for down payment or for capital improvement purposes in the Borough's Water Utility Capital Fund. In accordance with N.J.S.A. 40A:2-11c of the Local Bond Law, no down payment is required as this bond ordinance authorizes obligations solely for purposes which are self-liquidating and deductible from the gross debt of the Borough as set forth in N.J.S.A. 40A:2-7h.

Section 2. In order to finance the costs of said improvements or purposes not provided for by the application of the down payment, negotiable bonds are hereby authorized to be issued in the principal amount not to exceed $100,000, pursuant to the Local Bond Law. In anticipation of the issuance of said bonds and to temporarily finance said improvements or purposes, negotiable bond anticipation notes are hereby authorized to be issued pursuant to and within the limitations prescribed by the Local Bond Law.

Section 3. (a) The improvements hereby authorized and the purposes for which the obligations are to be issued consist of various improvements to the Borough's water treatment, storage and distribution system, including but not limited to, water mains, lead and galvanized pipes, valves, meters, and hydrants, together with all purposes necessary, incidental or appurtenant thereto, all as shown on and in accordance with contracts, plans, specifications or requisitions therefor on file with or through the Borough Clerk, as finally approved by the governing body of the Borough.

(b) The estimated maximum amount of bonds or notes to be issued for the improvements or purposes described in Section 3(a) hereof is $100,000, as stated in Section 2 hereof.

(c) The estimated cost of the improvements or purposes described in Section 3(a) hereof is $950,000, which is equal to the amount of the appropriation herein made therefor. The excess of the appropriation of $950,000 over the estimated maximum amount of bonds or notes to be issued therefor being the amount of $825,782.56 ARP funds and the $24,217.44 down payment.

Section 4. All bond anticipation notes issued hereunder shall mature at such times as may be determined by the chief financial officer of the Borough, provided that no note shall mature later than one (1) year from its date. All notes issued hereunder may be renewed from time to time subject to the provisions of N.J.S.A. 40A:2-8. The notes shall bear interest at such rate or rates and be in such form as may be determined by the chief financial officer, who shall determine all matters in connection with notes issued pursuant to this ordinance, and the chief financial officer's signature upon the notes shall be conclusive

evidence as to all such determinations. The chief financial officer is hereby authorized to sell part or all of the notes from time to time at public or private sale and to deliver them to the purchasers thereof upon receipt of payment of the purchase price plus accrued interest from their dates to the date of delivery thereof. The chief financial officer is directed to report in writing to the governing body at the meeting next succeeding the date when any sale or delivery of such notes occurs, such report shall include the amount, the description, the interest rate and the maturity schedule of the notes sold, the price obtained and the name of the purchaser.

Section 5. The following additional matters are hereby determined, declared, recited and stated:

(a) The improvements or purposes described in Section 3 of this bond ordinance are not a current expense and are improvements or purposes that the Borough may lawfully undertake as Water Utility improvements, and no part of the cost thereof has been or shall be specially assessed on property specially benefited thereby.

(b) The average period of usefulness of the improvements or purposes, within the limitations of the Local Bond Law and taking into consideration the amount of the obligations authorized for said purposes, according to the reasonable life thereof computed from the date of the bonds authorized by this bond ordinance, is twenty (20) years.

(c) The Supplemental Debt Statement required by the Local Bond Law has been duly prepared and filed in the office of the Municipal Clerk, and a complete executed duplicate thereof has been filed in the office of the Director of the Division of Local Government Services in the Department of Community Affairs of the State of New Jersey. Such Statement shows that the gross debt of the Borough as defined in the Local Bond Law is not increased by the authorization of the $100,000 bonds and notes provided in this bond ordinance because the purposes authorized herein are self-liquidating and are deductible from the Borough's gross debt in accordance with N.J.S.A. 40A:2-44c and the obligations authorized herein will be within all debt limitations prescribed by said Law.

(d) An aggregate amount not exceeding $120,000 for interest on said obligations, costs of issuing said obligations, engineering costs, legal fees and other items of expense listed in and permitted under N.J.S.A. 40A:2-20 is included as part of the cost of said improvements and is included in the estimated cost indicated herein for said improvements.

(e) To the extent that moneys of the Borough are used to finance, on an interim basis, costs of said improvements or purposes, the Borough reasonably expects such costs to be paid or reimbursed with the proceeds of obligations issued pursuant hereto.

(f) This bond ordinance authorizes obligations of the Borough solely for purposes described in subparagraph (h) of §40A:2-7 of the Local Bond Law, and the obligations authorized herein are to be issued for purposes which are self-liquidating within the meaning and limitation of N.J.S.A. 40A:2-45 of said Law and are deductible from the gross debt of the Borough pursuant to N.J.S.A. 40A:2-44c and N.J.S.A. 40A:2-46 of said Law.

Section 6. The capital budget of the Borough is hereby amended to conform with the provisions of this ordinance to the extent of any inconsistency herewith. The resolution in the form promulgated by the Local Finance Board showing full detail of the amended capital budget and capital program as approved by the Director of the Division of Local Government Services is on file with the Borough Clerk and is available there for public inspection.

Section 7. Any grant or similar moneys from time to time received by the Borough for the improvements or purposes described in Section 3 hereof, shall be applied either to direct payment of the

cost of the improvements within the appropriation herein authorized or to payment of the obligations issued pursuant to this ordinance. The amount of obligations authorized but not issued hereunder shall be reduced to the extent that such funds are received and so used.

Section 8. The full faith and credit of the Borough are hereby pledged to the punctual payment of the principal of and the interest on the obligations authorized by this bond ordinance. The obligations shall be direct, unlimited obligations of the Borough, and, unless paid from other sources, the Borough shall be obligated to levy ad valorem taxes upon all the taxable property within the Borough for the payment of the obligations and the interest thereon without limitation as to rate or amount.

Section 9. This bond ordinance shall take effect twenty (20) days after the first publication thereof after final adoption, as provided by the Local Bond Law.

Re: N.J. DOT Fiscal Year 2023 State Aid Programs
Municipal Aid Program
South River, New Jersey
Our File No.: PSR00012.34

Dear Mr. Londensky:

As you are aware, the NJDOT is accepting applications for State Aid programs including Municipal Aid for Fiscal Year 2023. Applications are to be completed and submitted through PMRS and SAGE, the NJDOT on-line grant application websites, by July 1, 2022. There is a limit of three (3) roads that can be submitted. The Director of Public Works and I reviewed various roads and respectfully submit the following six (6), in no particular order, for consideration:

- Leonardine Avenue from the Old Bridge Turnpike to Grand Avenue
- John Street from Colfax Street to George Street
- Prentice Avenue from Willett Avenue to Sheldon Avenue
- Beryl Street from Wilcox Avenue to Cleveland Avenue
- Quinn Place from Garwood Place to Dailey Street
- Draeger Place from New Street to Appleby Avenue

Please note the program also includes the Transit Village, Bikeways and Safe Streets to Transit, should the Borough have interest in applying for any of those.

We can prepare the necessary Municipal Aid application for the above for the three (3) roads of the Borough's choice at a cost not to exceed $2,554.00.

Should you have any questions regarding this matter, please do not hesitate to contact this office.

Very truly yours,

Bruce M. Koch

Dear Mayor/County Commissioner/County Executive:

On behalf of Governor Phil Murphy, I am pleased to announce that applications will now be accepted for the New Jersey Department of Transportation's (NJDOT) Fiscal Year 2023 State Aid programs. **The deadline for grant application submissions is July 1st.** Grant awards are expected to be announced in November.

As you may know, the Transportation Trust Fund Reauthorization Act of 2016 increased funding for Local Aid programs to counties and municipalities from $190 million per year to $430 million. The reason for the steep increase is that the majority of New Jersey's roadway mileage—about 90 percent—is under local government jurisdiction and is in as much need of repair as the state roadway network.

Over the past year, improvements to the grant application and project delivery processes have been implemented.

- The Project Management and Reporting System (PMRS) was launched. This new system reduces paper consumption and adds efficiencies. You will continue to submit applications through SAGE (System for Administering Grants Electronically), but you are now required to submit your **Resolution of Support** through the PMRS platform no later than **July 31st**.
- Your grant announcement and project management processes will now be through PMRS. Older projects will be phased into the PMRS platform in the next two months.
- A Map-Maker Tool is now available to all grant applicants to standardize all map submissions.

This year, following federal and state guidance, equity is incorporated into all State Aid programs to promote an equitable delivery of government benefits. Additional points will be added to projects in areas where vulnerable populations exist. Current census data will be used to determine if a project meets the equity criteria. Equity information will be available on NJDOT's Local Aid Resource Center website at: NJ DOT - Local Aid Resource Center (njdotlocalaidrc.com)

A series of training classes were held to communicate the changes, and a wide range of informational resources were developed and are now available on our Local Aid Resource Center website. Please reach out to the Local Aid Resource Center with any questions.

The following is a brief description of each grant program:

- **Municipal Aid** - This $151.25 million program with an additional $10 million in Urban Aid provides funding for local transportation projects for a total of $161.25 million. Municipalities are encouraged to consider projects that support walking and biking safety.
- **Transit Village*** - This program is open to the 34 municipalities that have been designated as Transit Villages by the Commissioner of Transportation and the inter-agency Transit Village Task Force. A total of $1 million is available to fund traditional and non-traditional transportation projects that enhance walking, biking and/or transit ridership within a half mile of the transit facility. The approved Transit Village municipalities are provided in the following link: http://www.state.nj.us/transportation/business/localaid/transitvillagef.shtm
- **Bikeways*** - This $1 million program is intended to fund bicycle projects which create new Bike Path Mileage. This program encourages new bikeways that are physically separated from motorized vehicular traffic by an open space or barrier, but on-road bike lanes and other bike routes and facilities are also eligible for funding. Counties and municipalities are eligible.
- **Safe Streets to Transit*** - This program encourages counties and municipalities to construct safe and accessible pedestrian linkages to transit facilities to promote transit usage for all. A total of $1 million is available for grant awards.

*Note: An additional $15.3 million was provided in the FY 22 state budget to disperse among these programs for a total of $18.3 million allowing the award of many more grants and more fully funded grants.

All projects funded through the Transportation Trust Fund must comply with the Americans with Disabilities Act (ADA). ADA guidance, program descriptions and application guidance materials can be found on the NJDOT website at: http://www.state.nj.us/transportation/business/localaid/stateaid.shtm

If you choose to apply, please be aware that Municipal Aid regulations require projects receiving this type of aid to award a construction contract within **24 months** from the date of grant notification.

I encourage you to submit applications for these Local Aid programs. Each program application will be evaluated independently, affording counties and municipalities the opportunity to receive funding in more than one category.

The enclosed map provides contact information for each Local Aid District Office. If you need assistance preparing your application, please contact your Local Aid District Office. Please keep in mind that a separate application for each project must be completed and submitted on or before **July 1st, 2022**, on-line through the Department's electronic grants administration system, known by its acronym, SAGE, at: https://njsage.intelligrants.com/Login.aspx?APPTHEME=NJSAGE

As Commissioner of Transportation, I am committed to maintaining and improving New Jersey's local transportation infrastructure by providing financial assistance, technical expertise, and training in surmounting the application process for traditional and non-traditional local transportation initiatives. Our counties and municipalities will be well positioned to design and construct important local projects without the need to impact property taxes. Your success in building projects and spending the additional capital will mean success not only for your constituents, but for the entire state.

Thank you for your continued interest and support of NJDOT, and best wishes for success with your project applications.

Sincerely,

Diane Gutierrez-Scaccetti
Commissioner
