2. Farmer's Market

Nick says we can use the Municipal lot and will tweak the parts we use to what the Council advises. The ordinance change is in the works for the food vendor permits specifically for a farmer's market.

Health Department information obtained by Bonnie Trygar shows the different food categories and what would be considered for a food permit. We will use this as a guide. Danielle contacted the Executive Assistant to the BA, Michelle Urbanowicz about what form to give to vendors. She said once the ordinance is passed, she will have a specific food vendor permit form for us to give to vendor.

A discussion about banners and lawn signs came up. Danielle and Nick offered to reach out to companies and see who the town uses. No parking signs for that day- Danielle will try to set up a meeting with the BA to see how we do that.

3. Municipal lot permit capacity

Mr. Trygar said there are about 72 permit spots and currently around 125 permits issued. He will draft a letter for the mayor and council and send it to the group.
