Sponsored by the South River Environmental Commission, Freecycling Event is an opportunity to give away unneeded, usable household items and find things that someone else is discarding. It is an environmentally responsible trading and treasure hunt that keeps usable items out of landfills. All items must be offered for free.

Recommended items for freecycling include clothing, shoes, bicycles, dishes, pots and pans, toys, silverware, small appliances, tools, power tools, kitchen items, garage items, electronics, pet supplies and small furniture . It is recommended that boxed toys, games and anything with small parts be taped shut.

The following rules must be observed:

- All items must be offered for free.
- Follow all traffic rules; cars must be parked legally
- Limit browsing time to no more than 5 minutes if others are waiting.
- Items are not for resale. Freecycling is an exchange of items for personal use.

At the end of the event, remaining items are the responsibility of the owner and must be properly removed or disposed of in accordance with township regulations. For questions, send email to southernriverenvcommission@gmail.com
