

ASL RECYCLING UPDATE

Northside Recycling - Thursday, August 14th Southside Recycling - Friday, August 15th

Important Recycling Guidelines

Please remember, all recyclables must be placed loosely in the cart; no plastic bags.

 Items left outside or on top of the cart WILL NOT be collected

Important Notice Regarding Recycling Collection:

The Automated Side Loader (ASL) trucks are designed to collect recycling from one side of the street at a time to ensure safety and maximize efficiency. As a result, the truck may complete one side of the street first, then loop around the block to service the opposite side.

This means residents on one side of the street might experience a delay in pick-up, but this does not indicate a missed collection.

 Please do not report a missed pick-up unless both sides of the street have been skipped after the usual collection time.

Thank you for your understanding and cooperation!

Cart Delivery Update

We are aware that some locations have not yet received a cart(s). Requests for these deliveries have already been submitted to the County; however, a specific delivery date has not been provided at this time.

 If you have **not** yet submitted a request for an initial cart, or if you reside in a Multi-Family home. Please use the QR code below to submit your request, or contact the Department of Public Works (DPW) directly at: dpw@southrivernj.org
We appreciate your patience and understanding as we work with the County to complete all deliveries.

In the meantime, recycling may be dropped off at the DPW Recycling Center located at:

9 Ivan Way, South River

Saturdays | 8:00 AM – 12:00 PM
